1. Plans are being made for the construction of a new third track from Debrecen to Miskolc. The reason for this is that Russia intends to transfer its railroad transshipping station from Zahony to Miskolc, because the latter city is larger, and because the bridge at Zahony on the River Tisza is an important bombing target.
2. The Galgamácsa-Vác railroad has been completed and only auxiliary work is being done. Work on the tunnel at Vác has likewise been completed.*

* Comment: There has been no previous information on a railroad connecting Galgamácsa to Vác, nor on a tunnel at Vác.
